Marlborough Community House 1927—Present

In Service to the Community

The Community House is part of the Federated Church of Marlborough's outreach to the community of which it is an integral and dynamic part.

Originally the People's Methodist Church, the building became part of the Federated Church of Marlborough campus when three local churches - Congregational, Methodist and Unitarian Universalist - merged in 1927.

We offer the Community House as an outreach ministry to the local community and beyond, at no and low cost to many organizations and families. The Community House is home to two theater groups, senior meals and exercise programs, AA group, toddlers program and many others. We are able to provide services because of rental fees, a generous gift from Kate K. and Marie L. Davis and from continuing support by Federated Church members.

New elevator dedicated 1999 thanks to the many donations of Church and Community.
